THE PROJECTION MAPPING STUDIO

Brand guide

we_
are a projection mapping studio

MP-STUDIO is a cutting edge visual effects company, founded in 2008. We specialise in 3D projection mapping and visual effects for every occasion and audience.

MP-STUDIO is a team of innovative and enthusiastic artists, storytellers, inventors and strategists who all get behind the common idea of creating an outstanding product. The hard work and dedication we put into every project is what distinguishes MP Studio from other competitors on the market. We take pride in saying that we truly are one of the best visual effects companies there are. We make ideas play!

our_
mission & vision

We at MP Studio know that every presentation can be better, every event - more memorable, every show - more captivating. And we are here to show our clients just that. Through the use of the latest sound and light technologies we transform art into a next level visual experience that leaves every audience in awe. We make ideas play!
